

GRANTS REPUBLIC

Project development and grant writing services for your agency.

RESULTS

Grants Republic clients have been awarded \$452.6 million since we began services in 2019.

HOW WE HELP

As a proposal development partner, we are experts on funder requirements and work to position your program design as competitively as possible. We hold advanced social science degrees with 38 combined years of grant writing experience leading to the proven results at right.

You can access our services hourly or for a flat fee, with a detailed scoping meeting to develop proposal content and identify costs. We then complete all required proposal elements, with your review and feedback before submission.

WHO WE ARE

We are Heather Fukunaga and Stan Saunders. We assist you with proposals to federal, state, city, and county agencies through Requests for Proposals (also called Requests for Applications and Notices of Funds Available). Our clients include nonprofits, school districts, charter schools, higher education institutions, economic development agencies, cities, and counties.

We are a fundraising counsel registered with the CA Department of Justice.

Please note that we cannot guarantee funding award results. We can guarantee maximum efforts to put your proposals in the best position to succeed.
